Subject: Microsoft Settlement

To: DOJ

A few "special interests" are attempting to use this review period to derail the settlement and prolong this litigation even in the midst of uncertain economic times. The last thing the American economy needs is more litigation that benefits only a "few wealthy competitors" and "stifles" innovation.

I as a consumer overwhelmingly agree that settlement is good for consumers, the industry and the American economy.

Please get the Microsoft Settlement completed ASAP.

For your consideration.
